Ango-Argentine Trade Pact Could

Meat Price Upped 30 Per Cent In Last Minute Concession

BUENOS AIRES, May 31.—(Reuters).—A last-minute concession by Britain to pay about 30 per cent more for Argentine meat, brought agreement today on a new Anglo-Argentine trade pact.

Britain had been holding out for a price of 120 (1944) a long ton (2,240 lb.). She has now agreed to pay 156 for a metric ton (2,204 lb.).

All details of the pact, replacing the 1934 agreement, have still to be worked out. Final agreement is not expected before the middle of June.

U.K. Proposes Extension Of Trade Pacts

GUELPH, Ont., May 31.—(CP).—A British plan to extend international agreements to staples other than wheat will be proposed to the World Farmers' Conference which opened here today.

A spokesman for the British delegation said the plan would be similar to that negotiated for wheat at an international conference in London last year.

Washington earlier this year, it would embrace certain basic commodities with a view to stabilizing prices and production over an agreed-upon period.

22 NATIONS

More than 100 delegates and observers are registered for the third annual meeting of the International Federation of Agricultural Producers, an organization which speaks for the world's major food-producing nations.

The Ontario Agricultural College here are representatives from many parts of Europe, China, Japan, New Zealand, Africa, South America and India.

The Indian delegation is headed by Professor N. G. Rangas, president of the All-India Kisan Congress, an organization which speaks for the majority of India's farmers.

Prof. Rangas said in an interview that India is "vitally interested" in Canada.

MUCH LIKE CANADA

"Canada, like India, is a large country which is primarily agricultural," the delegation leader said. "It is about 100 times the size of India, but it is a very fertile country which could be developed to produce food for the world."

He said several members of the seven-man delegation will go on to the post-conference tour, arranged by Canadian Federation of Agriculture.

The professor said India is taking steps which will make her self-sufficient agriculturally by 1951.

West Rebuffs Red Congress

PAREE, May 31.—(AP).—The western powers today voted Russia's proposal to invite a delegation from the Communist bloc to the German People's Congress to appear before the foreign ministers conference in Paris.

Foreign Minister Vlasov of Russia made the proposal during a 10-hour speech to the assembly. He again, he denounced the West-German state establishment in the British, American and French notes of Germany.

Town Planning Body Pressed By Builders

Immediate formation of an independent town planning department by the city was urged last night by Edmonton House Builders Association.

Pioneer B.C. Cleric Dies

VANCOUVER, May 31.—(CP).—Archbishop A. U. Desjardins, 83, died suddenly here yesterday at his home.

A pioneer of the Anglican church, prominent in its work for more than half a century, he retired as Archbishop of British Columbia and the Yukon in 1940.

Archbishop Desjardins came to Vancouver in 1908 to the rectory of St. Paul's church, a post he held until he became bishop in 1910. He was named Archbishop in 1919.

When in British Columbia, he attended Trinity College in Toronto and was ordained (Alban) in 1901. He was known as British Columbia's "first known" of the Church of England, he had a colorful career working in a widespread field which included the Yukon, British Columbia, the Kootenays and pioneer Cariboo country.

His earlier careers included service as curate in Victoria, the Cathedral, Toronto, and before coming to Vancouver. He retired from his post as bishop in 1940.

ST. JOHN'S, Nfld., May 31 (CP).—Newfoundland has chosen a Liberal government for her first four years as a province of Canada and the legislature will meet in the old colonial building here June 2.

Liberals' Nfld. Win Sets Record

Party Has Greatest Number of Seats In Island History

By Canadian Press Staff Writer

ST. JOHN'S, Nfld., May 31.—(CP).—Newfoundland has chosen a Liberal government for her first four years as a province of Canada and the legislature will meet in the old colonial building here June 2.

Counting of final returns continued today but earlier tallies showed the victory of Premier J. Smallwood's forces to be the steepest the island has ever seen.

HAVE 19 SEATS

With two districts still to be heard from, 19 Liberals were counted as the victors in the election. There are 27 seats in Newfoundland and one in Labrador, where the election was deferred to July 25.

TRORY STRENGTH

The losing party holds its greatest support in the two-member districts of St. John's where it elected four candidates. Progressive Conservatives held the balance of the seats.

COUNTING SLOW

Counting of returns from the polling held Friday was slow because of Newfoundland's election system which requires that returning officers have all ballot boxes before they can begin to count.

WINNIEP MAN Dies In Sask. Plane Crash

MOOSMIN, Sask., May 31.—(CP).—Charles Stanton Winnie, 30, son of a Winnipeg advertising executive, was killed yesterday when his light plane crashed into a farmer's field near here, 150 miles east of Regina.

Big Ben Now 90 Years Old

LONDON, May 31.—(AP).—Big Ben, the giant bell that booms the hours above the House of Parliament, has today celebrated its 90th birthday.

British Destroyers Collide Near Malta

VALETTA, Malta, May 31.—(Reuters).—The British destroyers HMS Chester and HMS Colchester collided today in a collision off Malta.

75th BIRTHDAY WHOPPER

WINNIEP, May 31.—(CP).—Winnipeg is set to out itself a slice of cake.

The prairie metropolis, reared from its cradle in the confining of the Assiniboine and Red rivers, will celebrate its 75th birthday with celebrations from June 1-31. It is to be one great big birthday party.

In keeping with the spirit of the occasion, a giant cake—19 feet high and 36 feet in diameter—will be set up at the corner of Port and Main streets. The cake will be lighted with 75 candles. A 45-foot "75" is to flash brilliantly in lights over the cake.

Crops Are Helped By New Moisture

Happy smiles lit up the faces of many western farmers today as scattered rains and thunder showers awoke their crop worries at least temporarily.

"Life-saving" rains of the last 24 hours fell over the southern sections of the three prairie provinces with some northern districts of Saskatchewan and Alberta coming in for much-needed moisture.

The rains saved not only to push crop growth but helped to retard activities of hatching grasshoppers, giving farmers more time to spread poison bait.

3-WAY BATTLE ASSURED IN YUKON VOTING

DAWSON, Y.T., May 31.—(CP).—A three-way fight for the federal constituency of Yukon-Mackenzie was assured yesterday as Liberal, Conservative and CCF candidates filed nomination.

The seat has been held for six terms by Progressive Conservative George Black, staunch Yukon champion who retired at the end of the last session.

The Liberal candidate is James Abney Simmon, of Whitehorse. Arthur Mawney, of Yellowknife is the Independent while the CCF nominee is James Elwyn Stephens, also of Yellowknife.

City To Push Street Oiling

Edmonton's 1949 street oiling program will be increased to total capacity of civic and contractors forces to do the work.

This change in policy was announced this morning by Acting City Engineer J. H. Macdonald. He said tenders will be called immediately for bids on street oiling at various locations in the city, and the oiling program will be substantially increased.

SCHEDULES READIED

The city's street oiling force also will be employed in capacity limit on the work.

Addition Urged For Royal Alex

Construction of a central addition immediately and of an east wing later, has been recommended by an expert brought here from Toronto to make a survey of Royal Alexandra Hospital accommodations.

To be built directly behind the present main entrance the central structure would house auxiliary services, such as X-ray department and pharmacy, which must serve the entire hospital complex.

Correlation Sought

James Gowan, an architect who has acted as expert on hospital accommodation, visited Edmonton May 28 and 29 to make the survey. Dr. D. B. Easton, supervisor, said the survey was necessary to correlate services and accommodation.

East wing would not only make hospital architecture symmetrical but also provide additional space.

East Market Battered Down

TORONTO, May 31.—(CP).—Prices were battered downward today in the wheat market. Wheat, 1948-49, on the Toronto Board, declined 10¢ to 1.00.

Activity increased steadily as prices dropped in all four major grades of wheat. The price of 1948-49 wheat was the highest since April 4 of this year and about 27¢ above the lowest price in 1948.

The industrial board declined steadily on lower generally ranging up to about 2¢. The exchange index of selected industrial stocks declined more than four points.

The heavy selling pressure was down to the lowest level of the year and base metals prices were down. Steel was down 1¢. Western oil opened steadily but soon followed the general trend to lower about three points on the index at the lowest level since 1946.

Today's declines dimmed five successive sessions of dipping prices with heavy losses in mining and industrial stocks. The Toronto Board's decline was the first since the start of the year.

"BEAD" ON A BOBBY is drawn by wee Wayne Boyd, 2, in a London paper. Wayne seems in dead earnest. He's been drawing for a long time. Frank Martin Boyd, 6, is also a Londoner. He's a stationer in London with U.S. Naval headquarters.

Sudden Rains Fool Even Weatherman

Unexpected showers surprised the weatherman this afternoon. New prediction is for cloudy weather with showers today and tomorrow with possibility of some heavy showers.

Conditions will remain unsettled, with showers falling throughout northern and eastern Alberta and Saskatchewan.

A new weather system is moving in which is expected to bring more precipitation. Rain is falling in southern B.C.

Winds will remain light with maximum temperatures 70 degrees, including today.

The heaviest downpour of the season was registered in Regina, where average precipitation of more than an inch was recorded in the 24 hour period ending at 5:30 a.m. today.

AVERAGE NEAR NORMAL

In Ottawa, the Bureau of Statistics reported today in a second of a series of eight telegraphic reports on crop conditions throughout Canada that timely rains over wide areas have brought average precipitation in the prairie back to normal.

Despite an over-all improvement in rainfall, without moisture here and there for below normal in large sections of Alberta, east-central Saskatchewan and the prairie provinces.

In these areas, said the bureau, where pastures were suffering from dry weather, frequent rains will be needed during the growing season to produce a satisfactory crop.

SOME RESEEDING

There was some reports of heavy frosts in all three provinces, but "See 'Prairie Get'".

Scot Wins 1-Man War On B. C. Sales Tax

VANCOUVER, May 31.—It can be done.

George Watson waged a successful one-man war against B.C. sales tax.

He refused to pay the tax levy on meals on a transcontinental trip, and a red-headed waiter walked away.

Note: Mr. Watson is from Aberdeen, Scotland, and now is on a tour of Canada.

"It is a very good advertisement for anyone coming to this country," he explained. "I didn't pay it."

He bought his fare and all meals on the trip in Scotland and was not told of the provincial tax.

It Happened TODAY

Cold War

The Russians tried to get rid of Marshal Tito and his regime by promising better jobs to Yugoslav army officers if they would revolt. The plot has been exposed by a Yugoslav Communist newspaper, which said only a handful of "traitors and demoralized characters" elected to work for the Russians.

MARSHAL TITO

Now Soviet Russia is having trouble with the Jehovah's Witnesses religious sect. A number of Witnesses have been arrested by Soviet police in the Berlin Russian sector. It is thought the sect has about 200,000 adherents in eastern Europe.

International

Czechoslovakia charges graft by Americans who raised a fund in the U.S.A. for rebuilding of Lidice. The Czech government contends not one dollar of \$50,000 raised was ever used for the rebuilding job. A former Czech official in the U.S. says this is nonsense. Only \$500 was raised and Prague officials refused to accept the money.

Religion

All Czech priests who write articles for the Communist new "Catholic Clergy Gazette" will be excommunicated. Threat is contained in a letter written by Archbishop Josef Beran, who has drawn battle lines into the war between the Catholic Church and the state.

Great Britain

Great Britain's next general election will be between June and August of next year, informed sources state. Prime Minister Attlee has warned rebellious Labour Party members that continued indiscipline might enrage the government to go to the country at an "unstable time."

The Nation

Harold Wilson, Britain's trade board president, will carry on his mission for trade on his return to Britain. Wilson is certain problems of exchange between Britain and Canada can be solved and trade increased to the mutual benefit.

Chinese War

Canadian province suffered no damage in the battle for Shanghai. No Canadian, British or American casualties were reported. There are about 50 Canadian still in Shanghai, captured last week by the Communist armies.

Crime

United States authorities are not at all sure that Canada's No. 1 bad man, Mickey McDonald, is dead. Three Canadian ex-convicts in U.S. custody said recently McDonald is dead and buried in New York State. McDonald escaped from Kingston penitentiary August 18, 1947 with two other convicts. Only McDonald may still be at large.

War Veterans

Canadian and American war veterans should be more closely interested in the view of President A. J. Wickens of the Army, Navy and Air Force Veterans of Canada. The Moose Jaw war veteran leader told U.S. veterans of Minnesota it is a "lot to have the same close cooperation in peace as prevailed during the war."

PRIME MINISTER ATTLEE

... IN BRITAIN, INDICATE

Politics

Agriculture Minister Nelles of Saskatchewan says the Dominion government is now taking the role responsibility for marketing of coarse grains. The A.C.F. minister repeated Dominion agriculture Minister Gardiner for saying next move in the coarse grains controversy is up to premiers of the provinces.

Atomic Energy

The atomic energy explicable in the States is becoming explicable. David E. Lillenthal, U.S. Atomic Energy Commission, has now accused Senator Bourke Hickenlooper, (Iowa), of conducting a smear campaign against work of the Commission and of undermining confidence of the U.S. and Western Europe in the peaceful scientific enterprise of America.

Time out

By Dick Beddoes

One evening in a New York arena 13 years ago, Ed (Strangler) Lewis was trying to pin Lew Wyckoff to the mat with some purely scientific holds. It was an honest wrestling match without any phony dramatics. It was also horribly dull to watch.

At the end of three boring hours, the arena was nearly empty, and legitimate wrestling was dead.

This week, in Edmonton, wrestling is alive, kicking, and frankly how business. Are some of the matches "tried"? Of course, but not in the accepted meaning of the word.

Today's wrestlers are conscientious showmen, who often allow the audience to pick the "hero" and "villain" after the show begins.

They engage in preliminary effort, and grunting while "feeling out the house" to see what happy ending it desired.

That's why the entertainment is always guaranteed.

BAXTER IS GOOD

On the practice, where he picks 'em in, Toolless Laverne Baxter from Boston displays an experienced actor's subtle timing. Toolless knows exactly when a fist aimed at his partner's head will bring down a cascade of friendly rain.

His dramatic skill earns him a pot of gold every week at the local Stock Show.

Last night the pink-skinned one from Boston had the fans riled higher than a tom cat back before succumbing to friendly Orville Brown, a world champion at Washington.

When Baxter gave Orville what the gallery howled in pain, he brought down a cascade of friendly rain.

When Brown caused the Boston boy to reel like a drunken pugilist on a weathered in an Alberta whirlwind the fans howled with glee.

Baxter made Brown look very good—angry almost, if you were a cheering damsel in the front pews. And Brown, well, he was a sure sort who wouldn't hurt nobody without feeling first about it.

DIFFERENT ROLES

Orville is advertised as the world champion. But similar titles are claimed by Yvon Rottier (rhymes with snow) in Montreal, Louis Thero in St. Louis, and Frank Benson in California and New York.

That leaves all the territory south of the Mason-Dixon line to be world champion of.

At Brown indicated after winning from Baxter, the boys play different roles in different cities. It was only last week in Des Moines, Iowa, that Brown, the villain this time, was arranged on an assault and battery charge for snuffing an eagle fan. The fan evidently didn't appreciate Orville's rough tactics on her Bobby Brown, the party of second part in the ring.

Said charges were later dropped but Orville claims his damaged belt, emblematic of world supremacy, was snuffed up in the melee. That was the reason, according to Brown, that the gun-stuffed belt wasn't displayed at the Baxter shindig last night.

Said he: "I couldn't show the belt with some of its diamonds missing."

The man is right, the one detecting wrestler should be caught dead with anything away on his costume.

Rimstad Offered EAC Coach Job

It was reliably learned this morning that Roy Rimstad, flyer, defenseman, is being sought as coach of the Edmonton Junior Hockey League.

It is said that Rimstad has asked EAC officials for a three-year contract before he will accept the job.

Joined the EAC's work as a line hockey week for smooth-passing Rimstad. It was his first time in the game that he broke into the game of hockey.

Both EAC's and Leafs have been in to drop out of the way of WCHL. However, it is understood that both are expected to have a try in the big show.

Haywards Shade T and P by 5-3

A four-run rally in the sixth inning gave Haywards a 5-3 victory over Taylor and Pearson in an intermediate A Men's Football game last night at South Kingsway diamond last night.

T and P pitcher Boyd Edwards belted himself a 3-4 lead in the third inning when he clinched a two-run home run but eventually lost out because of wildness. He made nine wild pitches in the course of the game.

It's in the Family' As Fair Author Wins

FAIR AUTHOR'S VICTORY brings family celebration to the ring. The author of the book "Fair Author" has won the title of "Fair Author" at the exhibition track Happy as a barrel of monkeys.

Yesteryear was a big day in the lives of the Methers from North Edmonton, what with H. R. Mether's all-thoroughbred breeding to victory in the feature race at the exhibition track Happy as a barrel of monkeys.

Veck's Strategy Gets Tribe Rollin'

NEW YORK, May 31 (CP)—Energetic Bill Veck can take a long low bow as far as Cleveland fans are concerned.

Last week, his Cleveland Indians, champions of the baseball world, were mired deep in a slump; they just couldn't seem to do anything right. There were reports this week that Veck's strategy was to win the Cleveland camp, but Veck didn't agree.

He decided he would instead try to win the Cleveland home opening. He had based on hand to turn a music, prominent public officials were present, but the first ball was pitched out, and the penman was taken again over Cleveland Stadium. Idea was to wipe the slate clean of several weeks and start anew on the baseball season.

WORKS WONDERS

It worked. His ball club came through out of the slump, and yesterday ran the streak to five out of six at home won their first doubleheader of the season, beating St. Louis Browns 2-1 and 5-0.

Lefty Grove, pitcher, pitched a 12-inning five-hitter in the opener, and rookie Mike Garcia hurled a six-hitter in the nightcap.

The White Sox meanwhile were splitting a doubleheader with the Detroit Tigers, losing the opener 2-0 and winning the nightcap 2-1.

New York Yankees split with Washington Senators at Washington. The Yanks had no trouble winning the second game 12-3, giving Alcy Reynolds and Joe Page a powerful backing of 20 runs.

The Boston Red Sox took over second place in the American League behind the Yankees by sweeping their doubleheader with the Philadelphia Athletics 10-2 and 4-3. Ted Williams homered in the first game to give Boston their margin.

TORONTO RACE

Brooklyn Braves, Brooklyn Dodgers and New York Giants remained in a sure-way tie for first place in the National League by splitting doubleheaders.

Brooklyn trimmed the Giants 2-1 in a marathon game when Jackie Robinson cracked a 13th-inning home run, but the Giants bounced back in the second game, 7-4.

Braves split with Philadelphia Phillies, winning 13-7 and losing 6-1 in 10 innings.

St. Louis Cardinals, beginning their season in Cincinnati, split, sweeping their doubleheader, losing 4-1 and 2-0.

Both EAC's and Leafs have been in to drop out of the way of WCHL. However, it is understood that both are expected to have a try in the big show.

Haywards Shade T and P by 5-3

A four-run rally in the sixth inning gave Haywards a 5-3 victory over Taylor and Pearson in an intermediate A Men's Football game last night at South Kingsway diamond last night.

T and P pitcher Boyd Edwards belted himself a 3-4 lead in the third inning when he clinched a two-run home run but eventually lost out because of wildness. He made nine wild pitches in the course of the game.

Time was when the thoroughbred was a much sturdier creature than he adds up to nowadays.

'N fact, alongside his forbears, the four-legged hide that faces Wilson Dunc and other starters these times is pretty much a mollycoddle.

George Cristall is going to buy himself a race horse just to beat the horses owned by his brother Max.

As the late Damon Rayson would say, I am very much surprised indeed to hear George Cristall talking about such things as race horses.

But George had a meaningful glint in his eye as he talked about his burning ambition outside of the Edmonton office of the well-known Edmonton and Calgary hotel man spoke to me as follows:

"I am going to buy a race horse. I am sick and tired of hearing my brother Max brag about his race horses. I am real mad at Max for several reasons most of them being because he never tells me when to lay a small wager on one of his horses. What is the use of having a brother if he doesn't tell you when to bet on his horse?"

"So I am myself going to buy a race horse and that horse will always be able to run faster than any horse that my brother Max has running at the race track."

A fellow would have to be pretty dumb not to see that here is the makings of a great human interest story.

DEADLY WARFARE
Brother pitted against brother as the nags come thundering down the stretch, the tale of a great commercial empire probably hanging on the outcome.

It was along the War of Wines has family strife created such a gripping spectacle.

I will never forget George Cristall for a good many years and frankly I doubt whether I could say for sure which is the front end of a horse. But George is a great competitor.

WITHOUT PARALLEL
The Cristall system of coaching was eloquently simple. As soon as the puck was centered on the start the game George started shouting: "Get ahead you big hooses!" at the top of his lungs.

The only change of pace was an even louder shout: "Get ahead you big hooses!" at the top of his lungs.

Only now the game was over and the players were shaking hands and shaking hands and shaking hands.

Clover Crop Here Faces Weevil Threat

Central and South Areas Feel Danger of Destroyer

Alberta's sweet clover crop, particularly in the southern part of the province, are suffering damage in attacks by the sweet clover weevil.

Central and Northern Alberta farmers noted weevil attacks on their sweet clover crops as a result of the weevil's voracious appetite for the plant's leaves.

Various insecticides are being used in an effort to control the damage by field weevils. Mr. Lohby said.

The weevil feeds on young tender leaves of the plant by boring the outside of the leaf and finally devouring all leaves, leaving only the barren stem.

Visiting Briton Has Praise for Commons

Cheers for the British House of Commons were given yesterday by William McKean, British barrister, who addressed a luncheon meeting of the Kiwanis Club at the Macdonald hotel.

"I do not share the view that the House of Commons is cumbersome and out of date," said the barrister.

"Parliament, when an occasion arises, can be one of the fastest moving bodies I know."

He quoted an instance of a bill which passed through all its stages in a single day.

"People," he said, "are inclined to speak disparagingly of the House of Commons, and compare its methods to the speed of commercial houses."

Speedy Stork Draws Assist

IF STORK ARRIVES ahead of schedule it's handy to have an ambulance driver like John Richard Carlisle on job. That's what Mrs. Harry Foster, St. Elmo Hotel, thinks as she thanks Carlisle for being a capable midwife at birth of her baby last week-end. Baby arrived

before Mrs. Foster could be taken to hospital by Jack Hayes ambulance but Carlisle delivered it without any trouble. Baby is getting start in life in an incubator but is coming along fine. Carlisle was congratulated by doctor attending Mrs. Foster for a good job.

Laborer Draws Year In Jail
Daniel W. Nadeau, laborer from Harmon Valley, was given one year in jail for labor in Port St. Louis Association annual meeting.

Arthur J. Brown, general manager of Kite-McDonnell Limited, was elected president to succeed Don A. Mackay, also of Edmonton.

Bond Thief Sentenced
Cyril F. Harnstead of Saskatchewan yesterday was sentenced to three months jail for hard labor when he appeared in court on a theft count.

Accused was found guilty May 9 of stealing a \$50 year bond from Elaine McDonald, 12135 34th Street. Evidence was that Harnstead stole the bond from McDonald in June, 1947. On 24th of that month he stole a bond and sold it for \$50.78. He returned to the house and stayed for another week before leaving for eastern Canada.

Three months after he left the theft was discovered. When arrested by police he had just completed a two-month jail sentence in Saskatchewan.

Court was told accused's family had made restitution. Harnstead's request for a suspended sentence was refused after magistrate drew to his attention the fact that he had been given a suspended sentence at Saskatoon last March.

Meetings Plan New Tot Lots
Forest Heights Community League is planning to ask to extend a special meeting tonight in the community hall to make plans for the new Tot Lot.

The meeting, under direction of Miss Yvonne Meyer, who will represent the new playground at 82 Street and 102 Avenue, will be held at 8 o'clock.

Another meeting of Parkland Community League members is scheduled at St. Peter's Church at 8 p.m. Friday, in preparation for opening of the new Tot Lot at 100th Street and 60 Avenue. Both lots will be opened for children under nine years of age.

Stabbing Victim Leaves Hospital
Old-timer, William Jex, wounded in a stabbing incident at his home in Lake La Biche last Tuesday, will leave hospital today.

The 77-year-old man suffered a superficial chest wound during the attack which occurred in the town of Lake La Biche.

A few years later, when Peace River town was lying under the shadow of the first one, his son, Grouse Hill, was killed by his friend, Jim Cornwall, who today remains in the town.

It wasn't easy to prove at the time. The local officials either didn't have time to listen to Jex, or they weren't convinced of any error. Twelve-Foot appealed to Ottawa, then in the midst of seemingly more important and pressing business than the staking of a room-size parcel of land.

But Ottawa listened, and a surveyor was dispatched from the capital to investigate irregularities in the disbursement of land in the settling Caribou.

The Gugenebining and other wealthy interests from New York were affected by the upset. Jex, who "marched" on the property rights, Twelve-Foot now has his long battle, however, and was awarded 32 feet of "padding" which previously belonged to the wealthy industrialist.

That the story didn't end there, and in the months immediately following, Davis realized the staggering implications of his efforts.

During mining operations, he was to pull from that square piece of newly-won land good

Shipping Service To Shanghai Open

Normalcy Rapidly Returns After Communist Occupation

By Blake Gearhart

SHANGHAI, May 31.—(UP)—First foreign vessel to reach Shanghai since Communist occupation is scheduled to arrive tomorrow, marking renewal of Shanghai's shipping service with the outside world.

U.S. SHIPS DUE

The vessel is Dutch ship Molenkruis, coming from Korea ports with a mixed cargo. Permission for Molenkruis to dock at Shanghai was granted by Communist military control commission which was set up to govern the city.

Officials of the American Petroleum Lines have also submitted requests to Communist authorities for permission to bring in two of their vessels, the liners President Madison and President Polk. Both are due here around June 9 if permission is granted.

Reopening of the city's export-import service was directed by Chinese Communist politburo, which instructed local authorities that reopening of foreign trade is one of their first duties.

Normalcy returns to Shanghai rapidly is returning to normalcy, according to a statement by the Communist government officials. The statement said that the city's normalcy is returning to normalcy.

Many years a third-class line, during the late war suddenly became a very great strategic value. . . . Similarly lines connecting the ports in the Maritime Provinces with the rest of the country were of outstanding strategic value.

There are many instances of this traffic lines which are performing essential services but which are operated at a loss, even when consideration is given to their feeder value to the rest of the system.

NEWFOUNDLAND TOO "To be added to this category are the Newfoundland railway and steamship services which were recently entrusted to the Canadian National for management and operation. These services were operated at a loss prior to union. The loss will be aggravated by substantial increases in freight and passenger tolls, and by increased operating costs and the discontinuance of subsidies."

Under the conditions described, heavy deficits are bound to occur. The railway indicates it will seek the support of royal commission recommendations for some form of regulatory and economic support which will allow the railway management to perform its broad social functions efficiently.

Still In Business

AMSTERDAM, May 31.—(UP)—Once a community that called itself the "Carriage Capital of the World," Amsterdam still retains a link with the transportation industry because of a patent-fabricated steel window channel for automobiles. Three plants work round the clock to produce the channel.

Princess Has Chills LONDON, May 31.—(UP)—Princess Elizabeth is suffering from a slight chill and will remain indoors, Buckingham Palace announced today.

What kind of girl did Prince Aly Khan marry Friday? She is a child of show business. Since she can remember, she has been aimed at stardom. She can't tell you what Diarral said to Gladstone, but she probably can recite the figures her parents groaned to Des Moines.

She is not an intellectual, but she has made strides in educating herself. During her marriage to Oron Welles, a friend once observed her reading a volume on geopolitics. She carefully circled the words she didn't understand and wrote the dictionary meaning in the margin.

A LIBERAL "She is a liberal." This also is the Welles' influence. During the marriage she lent her name to several liberal organizations. "She is not news-conscious, but she knows the value of publicity for her career. She is co-operative when shown the importance of an interview or picture spread. She has kept a diary of everything printed about her."

She is a chain smoker, although she smokes little of a cigar. She drinks only to be sociable. She is loyal to her coworkers. Whenever they got in trouble with the studio, she tried to take the rap.

PRACTICAL JOKER She has a sense of humor. Like many business people, it takes the form of practical jokes. For an earlier view of Rita Hayworth, I called on Laura Hollis, head-dresser, principal of her junior high school.

Housing Parley For Toronto Set

TORONTO, May 31.—(CP)—Premier Leslie Frost of Ontario announced at a press conference yesterday that government officials will meet with Toronto Board of Control Friday to discuss problems of housing facing Toronto civic administration. Housing problems of Toronto, he said, are entirely different from those of any other Ontario municipality. He said the city is unable to find land within its own boundaries to build its own housing.

Rheumatic Diseases Conference Opens

By Howard W. Hales

NEW YORK, May 31.—(AP)—The seventh international congress on rheumatic diseases, one of the greatest single causes of sickness in North America, now is in session here.

Attendance is 350 foreign and 400 American doctors, all experts in rheumatic diseases and the other pains that are vaguely classified with these.

Causes UNKNOWN In the United States, the conference was told, there are 7,000,000 people who go to doctors because of their intense rheumatic and arthritic pain. A far larger number suffer silently. The numbers are expected to increase as the disease spreads.

REDS DRIVE SOUTH Reports from Canton menedzayev, Communist columnist driving south through Central China are converging on Chongqing, the Nationalist base on Hankow-Canton rail line, from three directions.

These reports say about 16,000 Nationalist troops evacuated from Shanghai have arrived at Canton and immediately were sent to Hunan-Kiangsi front to meet a threatened Red advance from the north.

IDENTIFICATION LONG-DRAWN OUT What happens in these connective tissue areas is still unknown, but Dr. Carl Meyer, Columbia University, New York, reported finding two sugars and one salt that may account for part of the connective tissue. He said that identifying these three had taken years of work.

Soviet Planning To Control Israel

Balkan Emigrants Trimed To Form Communist Cells

The following is by Robert C. Miller, who returned from a long stay in the Middle East and has a first-hand opportunity to observe the under-currents in that troubled area.

By Robert C. Miller
NEW YORK, May 31.—(AP)—Russia is determined to incorporate Israel within the Soviet sphere of influence. Balkan emigrants revealed in Tel Aviv that attempts are being made to establish Communist cells throughout the Holy Land.

Israeli government heads verify the report. Immigration officials said precautionary measures are being taken with eastern European Jews to prevent the establishment of a Communist underground.

Known Communist agents are isolated immediately upon arrival in Israel and their activities carefully watched by police. At least four are listed by Jerusalem authorities as Balkan Jews who entered Israel as immigrants.

REDS IN NAME ONLY
The leader of the Jewish Bulgarian community, Darch Shalom, claimed that nearly half the 5,000 Bulgarian immigrants were registered Communists, but all had gone to work as farmers or in other fields.

Two, Deacon Mefody and a monk, Nikifor, were formerly removed from the Russian compound in Jerusalem where they refused to acknowledge Archimandrite Leo as the supreme head of the church in Jerusalem.

Israeli intelligence officers said there is absolutely no threat of a Communist coup in Israel as all fled agitators are identified long before they reach the Holy Land.

The bulk of Canada's trade is in raw or semi-finished products.

Mishaps Take 3 Sask. Lives

REGINA, May 31.—(CP)—Three persons are dead and six more are in hospital following a drowning, a shooting and three traffic accidents in southern Saskatchewan during the week-end.

Dead are: Roy A. Valley, 19, of Regina, killed in a truck accident near Moose Jaw; Maurice Field, 35, of Regina, accidentally shot while squirrel hunting near Port Qu'Appelle; and Delina Beltrami, 35, of Port Qu'Appelle, drowned in a boating accident on Echo Lake.

Injured are: Roy Lamb of Moose Jaw, struck by a car near McLeag; Mrs. Angus Nash of Circle, Montana, driver of the car which struck Mr. Lamb; and three Regina men, injured in a collision on the city outskirts. Only Mr. Lamb is critically injured.

Uranium Field Believed Found By Australians

MELBOURNE, Australia, May 31.—(UP)—Government geologists have probed a region of central Australia in the belief that they were on the trail of a vast uranium mine.

The area, 200 miles northeast of the town of Alice Springs, has been found to be highly radioactive. It is too early to size up the importance of the discoveries, Supply Minister J. I. Armstrong said. But it is apparent there are good prospects.

Many Jews are clamoring to escape the policy of the Ghetto and Russians in forcing Israel to pay exorbitant dollar price for obsolete and damaged military equipment. The government, however, fears the loss of Russian friendship, and, my source said, undoubtedly will forget the large money business rather than antagonize the Soviets.

The Jewish government however is determined to steer neutral course and avoid any entangling alliances with Russia, which might create distrust in the Anglo-American camp.

Two, Deacon Mefody and a monk, Nikifor, were formerly removed from the Russian compound in Jerusalem where they refused to acknowledge Archimandrite Leo as the supreme head of the church in Jerusalem.

Israeli intelligence officers said there is absolutely no threat of a Communist coup in Israel as all fled agitators are identified long before they reach the Holy Land.

Close Oil Well Spacing Urged

Special to The Bulletin
CALGARY, May 31.—A defense of close oil well spacing was made by C. W. Tomlinson, of Ardmore, Oklahoma, president of the American Association of Petroleum Geologists, at a meeting of the Alberta Society of Petroleum Geologists in the Palliser Hotel yesterday.

Dr. Tomlinson, who made the trip specially to attend the meeting of about 150 persons, will shortly publish his theories and their substantiation.

He admitted the theory is considerably out of fashion today and that it is popular to hold a few wells scattered far apart will drain an oil field as well as a greater number of wells closer together.

MORE OIL FROM FIELD
Dr. Tomlinson said although the widely scattered wells make a greater recovery per well, more oil will be obtained from the field as a whole by closer spacing. That's four wells covering 10 acres each would eventually obtain more oil than one well on 40 acres. He presented actual statistics proving that with conditions roughly similar, twice as much oil was recovered per acre-foot of oil zone in field where spacing of wells was four times thicker.

There is a limit to the theory, he admitted, beyond which the drilling of more wells would mean little or no more increased recovery from the field.

The deeper the oil zone, the greater drainage area has to be reserved for each well to make it pay, he said.

In one fairly typical field, wells producing 100 barrels daily, it would take 30 years for oil to move from the edges of a drainage plot to a well in the centre of the plot.

SAVED SITUATION
At the beginning of the second World War, he said, when German submarines played havoc with the tankers, the Allied oil situation was saved only by the fact most American oil wells were producing at only a fraction of their capacity, and big extra capacity was available simply by turning a valve.

Dr. Tomlinson said that could not have happened, nor could it happen in the event of another emergency, if only a few wells widely spaced are drilled in each field.

In the Leduc field the spacing is 40 acres for the D2 and 40 acres for the D3 and at Redwater it is 40 acres for the D3. At Lloydminster a much shallower field, it is 10 acres per acre, the spacing is 10 acres per acre.

THEY'RE GETTING SOFT
Washington, May 31.—(AP)—Are the Eskimos at Point Barrow, Alaska, getting so soft from canned food that they eat bland cold weather?

Senator Allen Ellender (Dem., La.) has heard that the Eskimos would like to know for sure. Ellender told a Senate appropriations sub-committee yesterday he has heard reports the Eskimos have turned away from their traditional whale dinners to dine on canned food provided by the army.

He said he was informed that because of this, more and more of them are dying of tuberculosis. Dr. J. D. Drifien, associate director of health for the Indian Bureau, said the navy is making a study to find if there is any truth to the reports.

He added, that so far as he knows, Eskimos at Point Barrow have only about the same tuberculosis rate as other Alaskan natives—about nine times higher than the average for the United States.

Russians Use Revolutionary Electric Tractor

MOSCOW, May 31.—(AP)—P. S. Kuchinov, deputy minister of agriculture, said today that the Soviet Union is undertaking a large-scale program to revolutionize agriculture by the use of electric tractors.

He said the tractors receive power from high voltage lines through individual portable transformer substations and automatic winding and unwinding cables. He said a tractor can work about 75 acres without moving its transformer substation.

Rail Workers Protest Delay In Settling Wage Dispute

LONDON, May 31.—(CP)—Spreading labor unrest today held up rail shipments, held cargo ship idle at their piers and cut production in the British automobile industry.

Meanwhile leaders of union coal miners in Scotland threatened to "get tough" in their demands for better working conditions.

Railwaymen at London's big Nine Elms freight terminal and in Manchester refused to handle baggage on piece rates or work overtime beyond their normal 44-hour week.

DELAY PROTESTED

Speakers said the men are protesting against delay in settling their demands for a pay increase of 10 shillings (£2) a week and are seeking "to prove that a railwayman must work overtime to make a living wage."

At Dagenham, Essex, 1,000 workmen suspended yesterday by Ford motor company for joining a "slow" movement showed up at the factory today and spent the morning standing idly at the gates. The men staged their slowdown to enforce resumption of negotiations for a new wage scale.

The Ford company said 11,000 workers refused to join the strike.

WALKOUT IN THIRD WEEK

Waterfront workers at Liverpool and in Bristol area began the third week of a walkout which has halted unloading of nearly 40 food ships. This walkout was caused indirectly by a Canadian seamen's strike.

Members of the Canadian Seamen's Union (YLC) went on strike two months ago when ship operators in eastern Canada signed contracts with Seafarers' International Union (AFL). Dockers in Avonmouth, near Bristol, have refused to handle food ships.

City council announced it will get into the fight.

5-Point U.K.-Canada Trade Plan Outlined

By Forbes Rhude

Canadian Press business editor

TORONTO, May 31.—(CP)—Harold Wilson, president of Britain's board of trade, today outlined a five-point plan for the maintenance of Anglo-Canadian trade.

In a final press conference before returning to London after a three-week tour of Canada, he stated his belief that the gap between the economies of British imports from Canada, over her exports here, can be closed.

But both in his final public address last night and in the press conference today, he dwelt more than ever before on a solution on a broad pattern rather than on any limited basis of virtual exchange of goods for goods.

MATTERS OF STUDY

He said he would not like at this point to call his five points a program but they are things that will be studied, they are:

Increased sale of British manufactured goods in Canada; increased sales to Canada from other parts of the sterling area; levitable earnings of Canadian dollars through such avenues as tourists, financial services and films; establishment of more branch plants in Canada, with a resulting increased demand for sterling area machinery and raw materials; the possibility of Canadian investment in the sterling area.

The number of milk cows on American farms declined two per cent in 1945 and has dropped a total of 12 per cent since 1944.

FALLS CITY, Neb., May 31.—(UP)—The alcohol booting business in now-out-of-state Nebraska is going to hurt this Nebraska community.

Falls City liquor dealers expect to lose several thousand dollars worth of wet goods annually to legally operated Kansas package stores.

With their location close to the Kansas line, the dealers still hope for some Kansas whiskey business. Their hope is that liquor, subject to less tax in Nebraska, will attract many across-the-line buyers, at 55 cents less per fifth.

Money Windfall Doesn't Last Long

AUBURN, Wash., May 31.—(UP)—During a windstorm, heavy money began blowing down Main Street. A scramble for money began. City Treasurer M. E. Brewer had rounded a corner with \$201 in bills under his arm when a east wind blew it away. He said he got every cent back.

STRIKE OF C. TRAM WORKERS AVERTED

VANCOUVER, May 31.—(CP)—The city's advisory board, said a strike of 3,000 transit workers averted will "unanimously recommend acceptance of the agreement."

A vote will be taken later announced today.

Details of a new contract between the British Columbia Electric Railway and the Street Railway Men's Union (AFL) will be made today.

Lloyd Easter, chairman of the board, said the new work week is 46 hours, and on May 24 voted to take. Present work week is 46 hours.

IMPATIENT TARPON CLIMBS IN

And They Say Beaver Are Only Eager Ones

BOCA GRANDE, Fla., May 31.—(AP)—A 17-pound tarpon apparently decided yesterday to see what it looks like inside a boat.

The fish, uncoaxed and unaided, leaped into a 25-foot cruiser. Its impact and struggles shattered a fishing chair and damaged part of the deck flooring. It was brought under control after 15 minutes but not until it broke off part of its tail.

Ted Rylands, the cruiser's guide, said the fish would have weighed about 180 pounds before losing its tail. The lost piece

of tail left its weight at 177 pounds—equal to the largest tarpon caught in Florida waters this year.

The other 177-pound fish, caught by more conventional methods, was landed near here last week by Dr. R. F. Dickey of Coral Gables.

Rail Workers Protest Delay In Settling Wage Dispute

LONDON, May 31.—(CP)—Spreading labor unrest to-day piled up rail shipments, held cargo ships idle at their piers and cut production in the British automobile industry.

Foolish Venture Ends In Death

HOUSTON, Tex. May 31.—(AP)—A 177-pound tarpon awoke yesterday when a crew member was heady—casted tongue, but bristled—board ship Sunday.

He said they tried to see if he could remain longer in the water. The deck of the tanker ship was covered with the fish.

Other crew members found the fish. He was found by a 28-year-old man, Albert J. Winslow, 28, Atlanta, Ga., in a pump room companionway on the ship. Both were pumper men.

OFFICE WORKERS HELP

The Gulfstream was moved out of Avonmouth today with the aid of dock office workers, who handled lugs and opened lock gates.

The coal miners' threat came from Abe Moffat, president of the Scottish area, National Union of Mineworkers, at their annual conference.

"There is talk in certain quarters of 'getting tough' with the miners," he said.

"It is necessary at this moment to warn the general public that this is a dangerous policy, because miners can equally well get tough in their fight for a decent standard of living."

FREIGHT SITUATION SERIOUS

Miners are dissatisfied with failure of the National Coal Board to meet demands for a two-week annual holiday, pensions and a seven-hour day. The mines are nationalized.

STRIKE OF B.C. TRAM WORKERS AVERTED

VANCOUVER, May 31.—(CP)—The advisory board, said the A strike of 3,000 transit workers would be "unanimously recommended" by the board.

Details of a new contract between the British Columbia Electric Railway and the Street Railway Union (AFU) will be very brief. They rejected a recommendation to establish a 40-hour week by July 1, 1950 and on May 24 voted to strike. Present work week is 46 hours.

Have You Enough Bile To Digest Food Fully? The average adult needs at least 100 points of bile daily for good digestion. Don't let yourself become "half-digested" because your system lacks sufficient bile to digest food properly—no fuel for energy, no power for action, no "workout" feeling that lifts you.

Whenever irregular malimities, lack of exercise, or over-eating, is affecting your flow of bile—try Bile Beans. Bile Beans are made of the finest, most effective—work well everywhere. Over 7 million bottles used yearly. Get BILE BEANS today.

FOOLISH VENTURE ENDS IN DEATH

HOUSTON, Tex. May 31.—(AP)—A 177-pound tarpon awoke yesterday when a crew member was heady—casted tongue, but bristled—board ship Sunday.

He said they tried to see if he could remain longer in the water. The deck of the tanker ship was covered with the fish.

Other crew members found the fish. He was found by a 28-year-old man, Albert J. Winslow, 28, Atlanta, Ga., in a pump room companionway on the ship. Both were pumper men.

Rates Remain Same at Leduc

By Don Flach

Allowables for the Leduc wells are to continue at their present levels for the next two months. Order in Council establishing the levels was passed by the cabinet on May 24. The order provides that wells in the D2 will be permitted to produce 6,100 barrels for the 61-day period with a maximum of 125 barrels for any one day. Maximum for the D2 wells for the 61,100 barrels and 175 or any one day. Production allowed from Lower Cretaceous wells is the same as that for the D2.

The allowables will not affect wells supplying Imperial Oil, which company has already cut its acceptances to 25 per cent of the present allowables. British American is still accepting full amount of the allowable, but a cut-back is mooted.

RECENT AT SPIKE
Another attempt to find the rich Golden Spike D2 pay zone is being made by a drilling contractor turned producer. The well being drilled by the owner's rig on the 10-5-52-103, 700 ft. deep, is about six miles northwest of the Imperial Highway No. 1 on the west. Surface pipe has been set at 600 ft.

Royalite five drillers in the Redwater field have all made D2 completions, according to reports received this morning. Royalite Redwater 1-13 is drilling at 2,113 ft. and has drilled 12 ft. deeper. No. 3-13 is drilling at 2,113 ft. and has drilled 12 ft. deeper. No. 3-13 is drilling at 2,113 ft. and has drilled 12 ft. deeper. No. 3-13 is drilling at 2,113 ft. and has drilled 12 ft. deeper.

SECOND FOR FLANK
Second well to be drilled in the Leduc field by Plant Petroleum is expected to start this week. Rig operated by General Petroleum, drilling contractor, is presently being moved into the location. The 12-13-36-36-4, this well is a quarter of a mile south of the western edge of the field. The Calmar West No. 1 on the south end of the field encountered

Livestock

EDMONTON, May 31.—Total receipts: Cattle 367, calves 62, hogs 329, sheep 12.

Tuesday's cattle market was active under moderate receipts. A good local demand was supplying a broad outlet for today's modest run of truckloads delivered. There were no outstanding choice cattle on offer, but packer buyers were choosing most of the shyer class at firm rates and under lenient grading.

One load of top choice steers sold Monday at 22.25, another lot of choice steers realized 22.25. Most sales of good to choice steers were in the 17,000 to 21,000 lb. range. Choice heifers traded at 20.00-21.00, medium to good 16.00-19.00. Cows and calves in limited supply and sold firm, good butchers 15.50-16.50, medium to good 12.00-14.00. Light calves steady, best weight hogs 16.00-19.00.

Calves unchanged, good to choice 19.00-20.00. Hops firm, grade A for shipment 21.00, grade A at local plants 20.00. There were insufficient lambs on sale to test the market, quotations remained quiet. Following are the quotations:

CHOICE AND OTHERS
Choice steers 21.00 to 22.00
Medium steers 19.00 to 20.00
Cows and calves 15.00 to 16.00
Good butchers 15.50 to 16.50
Medium to good 12.00 to 14.00

The team's only driller in the Redwater field is shut down at 2,500 feet waiting on repairs.

Selling Pressure Hits All Groups

EDMONTON, May 31.—(CP)—Briak selling pressure

pounded prices down to their lowest levels of the year or longer in the basket of metals since mid-April on the Toronto Stock Exchange today. Industrials sold down on widespread losses ranging up to two points. Golds and western oils dipped steadily and base metals slackened at a slightly slower rate. The dollar was a steady downturn. Volume was about 1,000,000 shares.

The industrial list was down to the lowest price level since 1948. Almost all paper, steel, utilities and food issues trading were down, with many stocks selling at new lows for the year.

Senior golds dipped and junior producers showed losses ranging up to 30 cents. Towards the close of the session the golds showed new lows. McIntyre was a heavy loser in the seniors and Giant Yellowknife, Chatterbox, Malmer, East McIntyre and Maden were among the losers.

Base metals declined slowly with almost every seller finding a new low for the year.

Western oils opened steadily but began to weaken in mid-session with key lines showing the heaviest losses.

NEW YORK MARKET
REACHES NEW LOW
NEW YORK, May 31.—(AP)—The stock market today hit a new low for 1948 in one of the sharpest declines of the year.

Trading stocks had fractions to go, and gold prices as selling suddenly expanded after a routine start in trading.

The market in the last couple of weeks has slowly been approaching the 1948-1949 level. Selling pressure has not been acute. Today, though, the market showed a sharp decline. Turnover was at the rate of 1,200,000 shares for the full session, one of the biggest days in weeks.

ALL OILS DECLINE
EXCEPTING SUGAR
CALGARY, May 31.—Western oils hit sharp early on May 31. The market was hit by a sharp decline in the price of sugar. The price of sugar fell from 18 1/2 to 18 1/4 in a turn of events. The price of sugar fell from 18 1/2 to 18 1/4 in a turn of events.

AT WINNIPEG
Approximately 350 head of cattle today were sold forward on the Winnipeg livestock market from Monday. Trade was mixed, with heavy steers dragsy and weaker.

Good and choice, well dressed, 20.00-21.00. Grade B1 cow, dressed, 20.00-21.00. Grade B2 cow, dressed, 20.00-21.00.

Grain Prices Reflect Reports of Moisture
WINNIPEG, May 31.—(CP)—General selling came into all grains today on the Winnipeg Grain Exchange, influenced by the good rains in the last 24 hours throughout the prairie grain belt.

Expansion of heading also was noted, but oats and barley got good support from shippers and exporters during the active session. Hay also was sold heavily in response to the rains, but also found fair support from American houses. Increased heading sales were in evidence. Flax dealings were dull, with prices unchanged.
